SOLAS Safe Pass Training

Certification: SOLAS Safe Pass Registration Card.

Duration: One Day

SOLAS Safe Pass Training Programme

Training Aim: The aim of the Safe Pass training programme is to provide participants with a basic standard of safety awareness in the construction industry.

Training Objectives:

Employer:

- Improve the Safety Culture within the company
- Reduce the chances of loss time accidents and serious accidents
- Identification of personnel with recognised safety awareness training

Employee:

- Improve Health and Safety Awareness
- Recognised Safety training
- Improved employment prospects

Participants:

Minimum 10 - Maximum 20 per group. Participants must be 16 years old and must have a good command of the English language. Participants must bring a passport size photo and their PPS number.

Facilities: Any suitable venue and date can be arranged or book now at our Training centres
